THURSDAY MAY 22, 1890.

The Election To-Day. Our people have been so absorbed in their preparations for the LEE monument celebration they have almost forgotten that to-day there is an important election. We are called upon to choose Mayor, At-

effects of which he has never fully recoveped. For twenty years past he has served the city as an officer of police. His record is excellent. He has been zealous, manly, faithful, efficient. He deserves well of his party, and with the memori of our great struggle for southern independence fresh upon us, when we are humming war songs, telling anecdotes of the bivouac and march, recalling battle adventures, and, withal, preparing to embrace all the veterans who fought with LEE, JOHNSTON, and Beausegasp, it would be marvellous indeed if the people of the Confederate capital should choose this time to cast down one of their own worthy sons and brothers, and in his stead raise up a man who has no such claims upon us.

Of course the people of Richmond mean to do no such thing; even the mention of it is revolting, but our apathy and overconfidence sometimes accomplish for our enemy what their most violent and determined assaults could never effect. All that is asked is that the Democrats

shall vote to-day. Come to the polls and all will be well.

Nor need we be too sure that the Republicans will not have in the field this morning a full ticket. Some years ago, when all was as quiet as now, when there was no ripple upon the surface, nothing to arouse suspicion, our folks went to bed uncon cerned about the enemy and awoke to find that they had a ticket in the field and by 9 or 10 o'clock A. M. had put it ahead of our by a considerable majority. Happily our runners soor vent to work to alarm the Democrats, and by dint of great labor before sundown the victory was wrested from the Republicans.

We will have a full ticket in Jackson Ward, as in all other wards, and the gallant, faithful, and long-suffering Democrats of that section are invited to come out and vote not only for Sergeant and Mayor, &c. but for members of both branches of the

DEATH OF MR. FRANKLIN.

Trial of Dr. Horace Wagner Commenced in Stafford County.

[Special telegram to the Dispatch.]

The case of the Commonwealth against Dr. Horace Wagner, for the institution of his illegal suits against the Adams Express Company in the County Court of Stafford, amounting to nearly \$2,000,000 came up in the court of that county to-day. It will probably be several days before the evidence is concluded. A plea of insanity is being urged by Wagner's counsel, Judge John T. Goolrick.

We are called upon to choose Mayor, Attorney for the Commonwealth. Sheriff, High Constable, City Sergeant, City Collector, Commissioner of the Revenue, and Auditor, all the members of the Common Council, several Aldermen and the full quota of Justices of the Peace.

Apparently the ticket nominated by the Democratic primary has no opposition except as to the office of City Sergeant. For this place our nominee is a man who has spent in this community all his life, except the four years of the war when he was in the field, first as a private, with musket in hand; next as color-bearer of his regiment, where in the courageous discharge of his duty he received a wound from the effects of which he has never fully reference of the Common Council, several Aldermen and the full presents, where in the courageous discharge of his duty he received a wound from the effects of which he has never fully research. For the address of welcome; Secretary Blaine, W. C. P. Breekinridge, of Kentucky; Rev. Dr. John Hall, of New York; Governor James E. Campbell, of Ohio; Rev. Dr. J. S. Melntosh, of Philadelphia; Professor H. A. White, of Washington and Lee University. Virginia; W. E. Robinson, of Brooklyn, and John Dalzell, of Pennsylvania, Robert Bonner, of New York, president of the society, will preside. Gathering at Pittsburgh.

Dyspepsia

self destruction. Distress after eating, sick headache, heartburn, sour stomach, mental depresache, heartburn, sour stomach, mental depression, etc., are caused by this very common and increasing disease. Hood's Sarsaparilla tones the stomach, creates an appetite, promotes healthy digestion, relieves sick headache, clears the mind, and cures the most obstimate cases of dyapersia. Read the following:

"I have been troubled with dyspepsia. I had but little appetite, and what I did eat distressed me, or did me little good. In an hour after eating I would experience a faintness or tired, all-gone feeling, as though I had not eaten anything. Hood's Sarsaparilla did me and nease amount of good. Now, friends, remember your duty. Do not incur the obloquy which undoubtedly will be yours if, being forewarned, you suffer your wily enemy to steal upon your camp and get off with any trophy of victory.

An Ohio friend writes to ask us if it is true, as the Radical leaders in his section are asserting, that "only Confederate flags will be allowed to float in the breeze" on the occasion of the Lex monument unveiling and that "the bands will play Dixe and there are than once at our friend's innocence. as the principles they represent are the same, the properly understood. We are to celebrate a glorious memory of the Confederacy. We would be of the Confederacy. We would be fit for the scorn of mankind did we fail to honor to the utmost of our ability the heroism, the patriotism, the superb courage and fortitude of our Confederate dead. And the leader of those precious ones was Laze, the incomparable, the world-honored, the brave, the pure in heart! Still there will be no "disloyalty to the Union," to use a phrase fashionable with our northern brethren, on the occasion. The "Bonnie" look y was in its cradle. The definitions are imperfect, requiring condensation, rearrangement, and additions. The voembulary is defective, some of the commonest words of to-day, especially scientific terms, for which a dictionary is most often content of these three prime requisites of a dictionary is the Webster reprint a trustworthy guide, or, rather, it is a misleading one.

The "Bonnie Blue Flag" will probably be the choice of the bands rather than the "Star-Spangled Banner," and yet there will be as little obsertion to the existing status of affirm.

jection to the existing status of affairs, fundamentally considered, as can be found anywhere even at the North. This will be apparent to the fair-minded, genuinely patriotic citizen, from whatever section he may come. On the persistent stirrer-up of strife, the professional sectionalist, the constant firer of the northern heart, there is no use to waste words.

The EUFFALO CHRISTIAN ADVO-CATE says:

"Don't BE DUPED. Thousands are, or are likely to be, by the flashy, fraudulent advertisement of "The Original Webster's Unabridged Dictionary," which is offered for three or four dollars.

The JOURNAL OF EDUCATION, Boston, says:

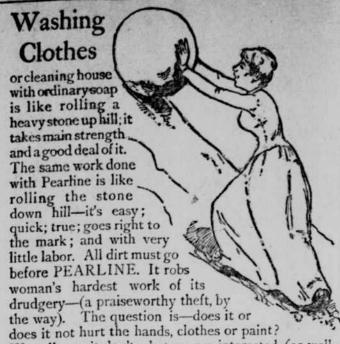

"Teachers cannot be too careful not to be imposed on, since the very things which make a dictionary valuable in school are wanting in this old-time reprint. Any high-school dictionary which can be purchased for a doltar and fifty cents is worth more for school use than this."

Many other prominent journals speak in similar terms, and legitimate publishers write us in strong condemnation of this attempt to foist an obsolete book on the public.
